7. EXIT	SAVE	SAVE / NOT SAVE / RESET	

Safety Information

- This symbol indicates that dangerous voltage consisting a risk of electric shock is present within this unit.
- This exclamation point symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

WARNING

- To prevent damage which may result in fire or electric shock hazard, do not expose this appliance to rain or moisture.
- To prevent injury, this apparatus must be securely attached to the floor/wall in accordance with the installation instructions.

WARNING

- Be sure to use only the standard adapter that is specified in the specification sheet. Using any other adapter could cause fire, electrical shock, or damage to the product.
- Incorrectly connecting the power supply or replacing battery may cause explosion, fire, electric shock, or damage to the product.
- Do not connect multiple cameras to a single adapter. Exceeding the capacity may cause abnormal heat generation or fire.
- Securely plug the power cord into the power receptacle. Insecure connection may cause fire.
- When installing the camera, fasten it securely and firmly. The fall of camera may cause personal injury.
- Do not place conductive objects (e.g. screwdrivers, coins, metal parts, etc.) or containers filled with water on top of the camera. doing so may cause personal injury due to fire, electric shock, or falling objects.
- Do not install the unit in humid, dusty, or sooty locations. doing so may cause fire or electric shock.
- If any unusual smells or smoke come from the unit, stop using the product. in such case, immediately disconnect the power source and contact the service center. continued use in such a condition may cause fire or electric shock.
- If this product fails to operate normally, contact the nearest service center. never disassemble or modify this product in any way. (samsung is not liable for problems caused by unauthorized modifications or attempted repair.)
- When cleaning, do not spray water directly onto parts of the product. doing so may cause fire or electric shock.

CAUTION

- Do not drop objects on the product or apply strong shock to it. Keep away from a location subject to excessive vibration or magnetic interference.

- Do not install in a location subject to high temperature, low temperature, or high humidity. Doing so may cause fire or electric shock.
- If you want to relocate the already installed product, be sure to turn off the power and then move or reinstall it.
- Remove the power plug from the outlet when there is a lightning. Neglecting to do so may cause fire or damage to the product.
- Keep out of direct sunlight and heat radiation sources. It may cause fire.
- Install it in a place with good ventilation.
- Avoid aiming the camera directly towards extremely bright objects such as sun, as this may damage the CMOS image sensor.
- Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.
- The Mains plug is used as a disconnect device and shall stay readily operable at any time.
- Do not expose the camera to radioactivity. Radioactivity exposure may damage the CMOS.

Important Safety Instructions

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Use only with cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus.
- Unplug this apparatus when a card is used. Use caution when moving the cart/ apparatus combination to avoid injury from tip-over.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as powersupply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus

Informations relatives à la sécurité

Ce symbole indique la présence, dans cette unité, d'une tension élevée et avise des risques de décharge électrique existants.

Ce symbole indique la présence, dans cette unité, d'une tension élevée et avise des risques de décharge électrique existants.

ATTENTION

- Afin de réduire le risque d'incendie ou de décharge électrique, n'exposez pas cet appareil à la pluie ni à l'humidité.
- Pour éviter les blessures, cet appareil doit être fermement fixé au sol/mur conformément aux consignes d'installation.

ATTENTION

- Assurez-vous d'utiliser uniquement l'adaptateur standard spécifié dans la fiche des caractéristiques techniques. Utiliser tout autre adaptateur peut provoquer des risques d'incendie ou des chocs électriques et endommager le produit.
- Un branchement incorrect de l'alimentation électrique ou un mauvais remplacement de la pile peut provoquer des risques d'incendie, des chocs électriques ou des dommages au produit.
- Ne pas connecter plusieurs caméras à un seul adaptateur. Dépassez la capacité peut générer une chaleur anormale ou un risque d'incendie.
- Branchez correctement le cordon d'alimentation dans la prise. Une mauvaise connexion peut provoquer des risques d'incendie.
- Lors de l'installation de la caméra, attachez-la fermement et en toute sécurité. Une caméra qui tombe peut causer des blessures.
- Ne placez pas d'objets conducteurs (tournevis, pièces de monnaie, objets en métal, etc., par exemple) ou des récipients remplis d'eau sur la caméra. Cela peut causer des blessures dues au feu, au choc électrique ou à la chute d'objets.
- Ne pas installer l'appareil dans des lieux humides, poussiéreux ou couverts de saie. Cela peut provoquer des risques d'incendie ou des chocs électriques.
- Si vous constatez une odeur ou une fumée inhabituelle provenant de l'appareil, arrêtez immédiatement son utilisation. Dans de tel cas, déconnectez immédiatement la source d'alimentation et contactez le centre de maintenance. Si vous continuez à utiliser le produit dans de telle condition, cela peut provoquer des risques d'incendie ou de chocs électriques.
- Si ce produit ne fonctionne pas normalement, contactez le centre de maintenance le plus proche. Ne jamais démonter ou modifier le produit de quelque manière que ce soit. (SAMSUNG n'est pas responsable des problèmes causés par des modifications ou des tentatives de réparation non autorisées.)
- Lors du nettoyage, ne pas diriger l'eau directement sur les pièces de l'appareil. Cela peut provoquer des risques d'incendie ou des chocs électriques.

MISE EN GARDE

- Ne pas faire tomber des objets sur le produit ou lui faire subir des chocs. Eloignez le produit des emplacements soumis aux vibrations ou interférences magnétiques excessives.

eco
RoHS compliant

Samsung Techwin cares for the environment at all product manufacturing stages to preserve the environment, and is taking a number of steps to provide customers with more environment-friendly products. The Eco mark represents Samsung Techwin's will to create environment-friendly products, and indicates that the product satisfies the EU RoHS Directive.

Correct Disposal of This Product (Waste Electrical & Electronic Equipment)

(Applicable in the European Union and other European countries with separate collection systems)

This marking on the product, accessories or literature indicates that the product and its electronic accessories (e.g. charger, headset, USB cable) should not be disposed of with other household waste at the end of their working life. To prevent possible harm to the environment or human health from uncontrolled waste disposal, please separate these items from other types of waste and recycle them responsibly to promote the sustainable reuse of material resources.

Household users should contact either the retailer where they purchased this product, or their local government office, for details of where and how they can take these items for environmentally safe recycling.

Business users should contact their supplier and check the terms and conditions of the purchase contract.
This product and its electronic accessories should not be mixed with other commercial wastes for disposal.

Correct disposal of batteries in this product

(Applicable in the European Union and other European countries with separate battery return systems.)

This marking on the battery, manual or packaging indicates that the batteries in this product should not be disposed of with other household waste at the end of their working life. Where marked, the chemical symbols Hg, Cd or Pb indicate that the battery contains mercury, cadmium or lead above the reference levels in EC Directive 2006/66. If batteries are not properly disposed of, these substances can cause harm to human health or the environment.

To protect natural resources and to promote material reuse, please separate batteries from other types of waste and recycle them through your local, free battery return system.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions :
This device may not cause harmful interference, and
This device must accept any interference received including interference that may cause undesired operation.
